

# IT'S TIME TO LEVEL THE PLAYING FIELD

Certain brand pharmaceutical companies are blocking competition while increasing prices for life-saving medicine. The bipartisan CREATES Act (S. 340/ H.R. 965) would level the playing field and save patients billions in lower drug costs.

## IMAGINE AAM AS YOUR QB.

WE LEAD THE TEAM, WORKING HARD TO BRING SAFE, EFFECTIVE, AND AFFORDABLE GENERICS AND BIOSIMILARS TO MARKET.

### BIG PHARMA IS A FORMIDABLE FOE.

Every play we run, brand companies stand in the way and bend the rules of the game to win.

### THEY BLOCK ACCESS.

CERTAIN BRAND PHARMACEUTICAL COMPANIES LIMIT ACCESS TO SAMPLES AT EVERY TURN BY RESTRICTING DISTRIBUTION EVEN WHEN THE FDA TELLS THEM IT'S SAFE TO SELL THEIR PRODUCT TO POTENTIAL COMPETITORS.

### THEY DON'T PLAY FAIR.

NEGOTIATIONS OVER SHARED REMS ARE OFTEN DELAYED OR AVOIDED ALTOGETHER BY CERTAIN BRAND PHARMACEUTICAL COMPANIES TO THWART COMPETITION.

### THE REFEREES ARE SIDELINED.

CONGRESS NEEDS TO PROVIDE BETTER TOOLS TO THE FDA AND THE COURTS TO ENSURE MORE GENERICS AND BIOSIMILARS CAN COME TO MARKET.

### IN THE RED (ZONE)

**\$5,400,000,000**

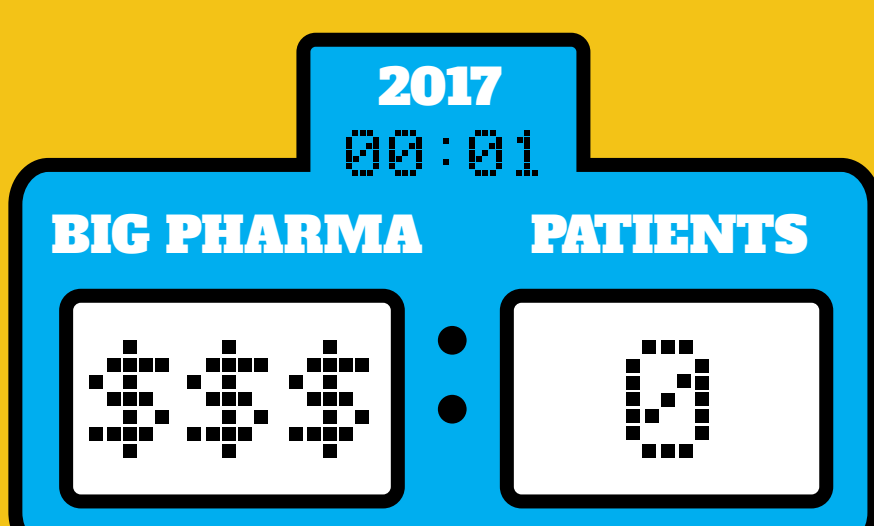

PATIENTS WOULD SAVE \$5.4 BILLION ANNUALLY IN LOWER DRUG COSTS IF THE CREATES ACT WERE SIGNED INTO LAW.

### LET'S SCORE GREATER SAVINGS.

WITH THE CREATES ACT, GENERICS AND BIOSIMILARS MANUFACTURERS ARE ABLE TO SCORE GREATER SAVINGS FOR PATIENTS AND TAXPAYERS.

WHEN THE GAME IS RIGGED, PATIENTS LOSE AND ONLY BIG PHARMA WINS.

**IT'S TIME TO TACKLE HIGH DRUG PRICES! SUPPORT PASSAGE OF THE CREATES ACT!**
