

## **Paula Witt**

**Director, State Government Affairs**

**Association for Accessible Medicines (AAM)**

**Paula Witt** serves as the Director of State Government Affairs at AAM. In this role, she oversees the operations of state government affairs efforts and acts as the liaison with the policy team to coordinate state advocacy goals for the generics and biosimilars industry nationwide.

Paula brings a wealth of experience in state legislative analysis and regulatory compliance from her extensive tenure at the American Council of Life Insurers, as well as her time working as the Director of Legislative and Regulatory Information at StateScape. Before joining AAM in 2021, she held the position of Director of Judicial Education at the Law & Economics Center at George Mason University Antonin Scalia Law School, where she supervised programs for state and federal judges.

Paula holds a Bachelor of Science degree in Chemistry from Duquesne University and a JD from George Mason School of Law.
