

Your Generics & Biosimilars Industry

Scott Kuzner, PhD, is Senior Director of Sciences and Regulatory Affairs at the Association for Accessible Medicines, where he is engaged in the development and oversight of AAM's Sciences and Regulatory Affairs initiatives.

Scott comes to AAM from the United States Pharmacopeial Convention (USP), where he served for more than a decade with increasing responsibility, most recently as Director, Board and Convention Operations.

He holds a BA, MA and PhD from the University of Maryland.
